

SHINY SILVER-BRILIER

About us

We are Bronka and Lenka and we are from Slovakia. We started our business at Business Academy in Považská Bystrica. Our company offers rings, charms, bracelets...

***Our jewellery is made of pure silver.** Pure silver is bright white in color and is the most reflective of the precious metals. However, it is soft and prone to scratching, and so silver is alloyed with harder metals to improve its durability. Sterling silver is the world's most popular silver alloy. It consists of 92.5% silver combined with other metals (mainly copper).*

***We use Cubic zirconia.** Cubic zirconia is created in a lab yet it dazzles with a brilliant sparkle like a diamond.*

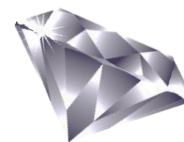

You can buy products for yourself, girlfriend or for your family.

We are looking forward to working with You!

All the best!
