Favourite styles of the suits:

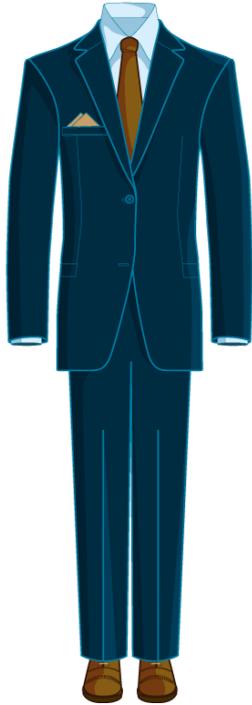

## Black suit:

Black color is festive, which is practical, because the suit can be worn all day.

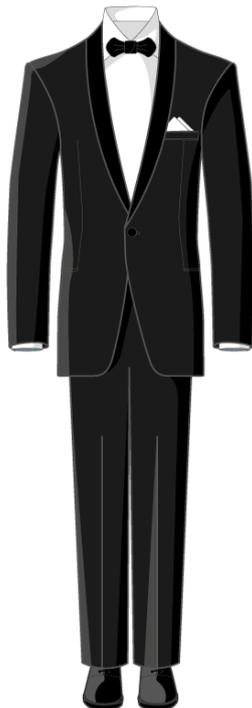

Black shoes always wear black boots, black socks, and an ideal white shirt.

## Bussines suit:

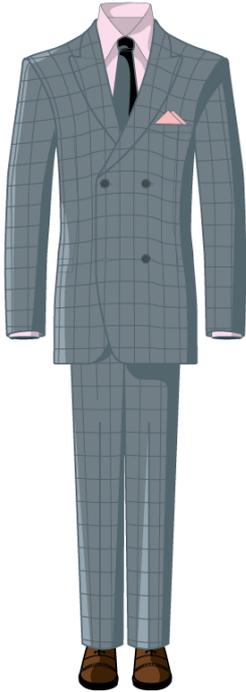

The ideal day wear suit for work is the color of a blue or a gray, rather darker shade. Blue color suits everyone regardless of character and combines excellent with accessories. Shoes that understand both blue and gray are brown (any shade), but can also be worn black.

## Black Tie:

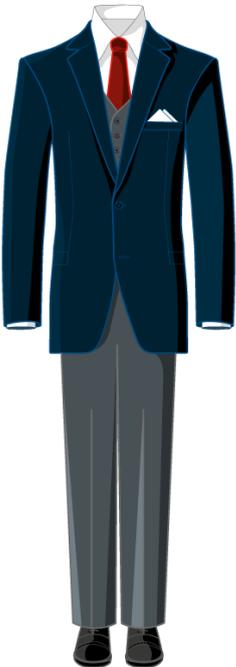

smoking, which is always mandatory black butterfly. Only a white shirt in the tuxedo, ideally with hidden fastening or with holes for small decorative buttons, English called studs.

## Fashion suit:

Be creative in choosing a fabric.  
Try wider stripes or a larger dice.

## Wedding suit:

Smoking for afternoon weddings is not appropriate, it is customary only in the USA. There is no need to try to meet a partner at all costs. Just choose a little detail, such as a cloth or handkerchief, and then to match the dominant element of the bride's clothing.
